CAREER OBJECTIVE

Passionate BCA student with hands-on experience in HTML5, CSS3, JavaScript, and Responsive Web Design, seeking a remote Frontend or Web Development Internship. Dedicated to building clean, pixel-perfect, and user-friendly interfaces while contributing meaningfully to a collaborative development team.

EDUCATION

Bachelor of Computer Applications (BCA)

2025 – 2028

Parul University | Currently Pursuing

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, Responsive Web Design, Flexbox, CSS Grid
- **Language:** JavaScript (Beginner) — DOM Manipulation, Events, Basic ES6
- **Version Control:** Git, GitHub, GitHub Pages
- **Dev Tools:** Visual Studio Code, Chrome Developer Tools
- **Core Concepts:** Semantic HTML, Cross-Device Compatibility, UI/UX Principles, Web Performance Basics

PROJECTS

➤ Personal Portfolio Website

HTML5 · CSS3 · JavaScript · GitHub Pages

- Designed and developed a fully responsive personal portfolio to showcase projects and skills, hosted on GitHub Pages
- Implemented multi-section layout (Home, About, Projects, Contact) using Flexbox and CSS Grid
- Achieved cross-device compatibility across desktop and mobile without any CSS frameworks
- Integrated smooth scroll animations and interactive UI elements using vanilla JavaScript

o [Live: shweshd.github.io/Portfolio](https://shweshd.github.io/Portfolio)

➤ RiskCube Institute Website

HTML5 · CSS3 · JavaScript

- Built a fully responsive, multi-section website for RiskCube Institute — Home, About, Services, and Contact pages
- Developed Cubon — a custom cube-shaped interactive chatbot to enhance user engagement and experience
- Implemented smooth animations, responsive navbar, and mobile-first design principles throughout

o [Live: shweshd.github.io/RiskCube-Institute-Official-Website/](https://shweshd.github.io/RiskCube-Institute-Official-Website/)

➤ YouTube Frontend Clone

HTML5 · CSS3 · UI/UX Design

- Built a pixel-perfect, responsive clone of the YouTube homepage focusing on layout accuracy and visual fidelity
- Replicated header with search bar, responsive sidebar, and CSS Grid-based video thumbnail layout
- Demonstrated strong understanding of real-world UI patterns and structured component-based HTML
